

ASU Mars Educator Workshop

***Mars Rocks and Rovers:  
New Understandings and Adventures  
on Mars!***

**Saturday, March 1, 2003  
9:00AM - 4:00PM at ASU**

Sponsored by: NASA, Mars Space Flight Facility at  
Arizona State University, Tempe, AZ and

**GENERAL DYNAMICS**

**Special Guest Speakers:**

**Dr. Laurie Leshin** - ASU Cosmo-chemist and Principal Investigator of the proposed 2007 Mars Scout return sample mission - SCIM. Laurie will be sharing about Martian meteorites and what they tell us about the Red Planet. She will also give an up-to-date account of the excitement and challenges of designing a mission to Mars.

**Dr. John Callas** - Jet Propulsion Laboratory Science Manager for the twin Mars Explorer Rovers mission. John will give the mission overview about the upcoming Mars Exploration Rovers and the relate challenges of driving a robotic vehicle on another planet.

*Two more missions are ready to launch from Earth this summer with lots of exciting connections for your classroom. Get your students ready for the next great adventures on Mars! Come for a fun day of fantastic, understandable Mars science, hands-on activities, lots of classroom resource materials, and upcoming teacher opportunities. You won't want to miss this workshop! Invite a friend!*

**THE MARS EXPLORER ROVERS LAUNCH THIS MAY AND JUNE.  
THEY WILL LAND ON MARS IN JANUARY OF 2004!**

**See reverse side for registration information**

ASU Mars Educator Workshop

***Mars Rocks and Rovers:  
New Understandings and Adventures  
on Mars!***

Saturday, March 1, 2003 at ASU - 9:00AM - 4:00PM

How do we explore the surface of a planet that is 50 million miles from Earth? Hear and see the latest information from Mars from the cool, fun NASA scientists as the exploration of the Red Planet continues. We have an exciting, teacher-friendly workshop prepared for teachers of all grades and science knowledge levels (and we really mean K-12!). We also have special guest presenters from The Jet Propulsion Laboratory updating you about Stardust and other missions! Your cost for all this fun, classroom materials, and cutting-edge information is only \$5.00 for the entire day! Copy and pass this flyer to other teachers.

Space is limited. Don't delay! Invite a friend and send in your registration TODAY! Professional development contact hour certificates will be available to all who attend.

**Please return registration forms by 5:00PM on February 25, 2003.**

Registration confirmations and logistics will be mailed or faxed upon receipt.

Questions or comments: ASU Mars Education Outreach Program, Dept. of Geosciences, Box 876305, Tempe, AZ 85287-6305. Phone:(480)965-3038 or (480)727-6495, Fax: (480)727-7956, Email: sklug@asu.edu
